CARDIOLOGY NURSE PRACTITIONER SYMPOSIUM

FRIDAY
15
NOVEMBER
2019

2019 Mount Sinai Heart Cardiology Nurse Practitioner Symposium

The Mount Sinai Hospital
WWW.MOUNTSINAIHEARTNP.COM
PROGRAM OVERVIEW

The program is specifically designed to enhance current knowledge about the prevention, intervention, and management of cardiovascular diseases. Presentations will provide Advanced Practice Nurses, Physician Assistants and other health care professionals interested in the care of patients with cardiovascular disease. The course is specifically designed to enhance current knowledge about the prevention, intervention, and management of cardiovascular disease.

Presentations will provide participants with evidence-based approaches to abnormal Cardiovascular findings. Lectures will address key strategies for sustaining an evidence based practice in clinical and the healthcare system.

LEARNING OBJECTIVES

- Understanding the management and usage of implantable electronic devices
- Review the updated 2017 AHA/ACC hypertension guideline
- Provide the Advanced Practice Nurses, Physician Assistants the current knowledge in the prevention, intervention and management of cardiovascular diseases.

ACCREDITATION

This education activity is pending approval by the American Nurses Association of up to 8.25 total contact hours with 3.0 accredited pharmacology content. This program was planned in accordance with AANP CE Standards and Policies.

FACULTY DISCLOSURE

It is the policy of The Icahn School of Medicine at Mount Sinai Health System to ensure objectivity, balance, independence, transparency, and scientific rigor in all sponsorship, promotional activities. A month participating in the planning or implementation of a sponsored activity are expected to disclose to the audience any relevant financial relationships and to assist in resolving any conflict of interest that may arise from the relationship.

Presenters must also make a meaningful disclosure to the audience about their discussion of unapproved or unapproved devices or drugs. This information will be available as part of the course materials.
